

J-2

Our lowest priced full function machine.

Why cut on the floor when you can purchase a durable, low cost j-2?

Accu-Cut Advantages

- Two speed settings
- Space saving
- High speed cutter
- Auto stop foot & inch counter

- ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all your carpet and vinyl simply and accurately.
- ◆ The j-2's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
- ◆ PLC control includes multiple preset cut storage and product settings. Foot and inch counter automatically slows down the machine then stops precisely at the programmed measurement.
- ◆ We have designed an affordable cut and roll machine that is very reliable and extremely simple to operate.
- ◆ The j-2 takes up little space and is simple to move on its industrial strength casters. Lifting brakes keep the machine stationary while in use.
- ◆ Wrap around foot cable control provides the operator with a way to engage the rollers from the front or side of the machine. Makes wrapping and taping rolls simple.

J-2

Wrap around foot cable control, spring loaded roll up arm, speed control, auto run feature and open ended cradles provide for ease of use. **All are standard features on the J-2!**

ONE PERSON OPERATION

FAST, STRAIGHT CUTS

Patented, two direction, chain driven cutter uses standard blades and applies pressure to the material being cut. **Get a straight, clean cut every time!**

Directional switches control the rollers and cutter - the yellow push buttons activate them. Speed selection switch, easy to use PLC interface and emergency stop button. **An auto-run feature makes operating the machine even simpler!**

USER FRIENDLY CONTROLS

CUT PIECE REMOVAL

All Accu-Cut machines are equipped with a cut piece dumping mechanism to off load your cut length. **Make multiple cuts off of one roll without using your forklift to remove the cut length!**

The J-2's convenient fold-in cradles minimize the floor space required. **At 48 inches wide the J-2 can easily be stored under your storage rack!**

SPACE SAVING DESIGN

REVERSE ROLL

Rolling carpet or vinyl pile/pattern side out is a simple one person, one step process. **Keep your remnants clean and easily wrap them for display!**

Advanced control system includes a foot & inch counter, preset cut storage system, security keypad, multiple product settings and more. **The machine will automatically stop precisely at the programmed length!**

PLC CONTROL

The dual speed control allows users to backroll remnants neatly and tightly around a core
