

SPRINT

Pre-Owned
Cut and Roll Machine

LOAD CAPACITY

Accommodates carpet and vinyl up to 13' 6" wide. "Beltless" load cradle composed of five steel rollers is simple to load and provides for high capacity.

ACCURATE MEASUREMENTS

The Sprint utilizes a *TRUMETER*[®] counter specifically designed to measure floor covering products. Counter measures in feet and inches. Extremely accurate.

EASILY MOVED

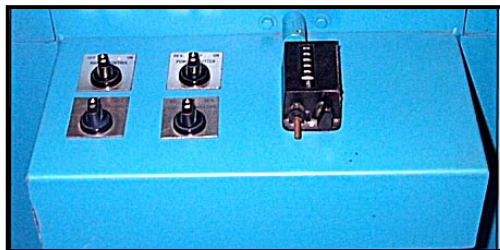

Industrial strength casters allow the Sprint to easily be moved on a warehouse floor.

MOTOR DRIVEN CUTTER

Powered, chain driven cutter runs entire length of machine, cuts in both directions and uses standard carpet blades. The cutter provides a straight, clean cut on both carpet and vinyl.

SIMPLE OPERATION

Directional switches run the machine in forward or reverse. Hand control switch will engage the rollers or use the foot cable to operate the machine away from the control panel. Some models feature a cut piece removal mechanism – *ask for details.*
