

ACCU-CUT REFURBISHED ARCHER

ARCHER

ACCU-CUT ADVANTAGE

- ◆ Beltless load cradle
- ◆ High speed cutter
- ◆ Space saving
- ◆ On-site training

Our lowest priced full function machine. Why cut on the floor when you can purchase a durable, low cost Archer?

- ◆ We have designed a cutting and rolling machine that is very reliable and extremely simple to operate.
- ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all of your carpet and vinyl simply and accurately.
- ◆ The Archer's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
- ◆ Totally enclosed motors operate on 110 volt power allowing the Archer to be used any place in your warehouse.
- ◆ The Archer takes up little space and is simple to move on it's industrial strength casters. Locking casters keep the machine stationary while in use.
- ◆ Wrap around foot cable control provides the operator with a way to engage the rollers from the front or side of the machine. Makes wrapping and taping rolls simple.

"Your complete source for floor covering cutting and merchandising equipment."

We deliver most machines with our own trucks and drivers to ensure that you receive proper training.

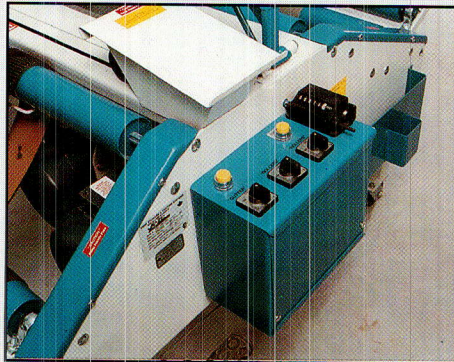

We will not leave the machine unless you are totally satisfied!

ON-SITE TRAINING

Mechanical Trumeter counter has proven to be very accurate.

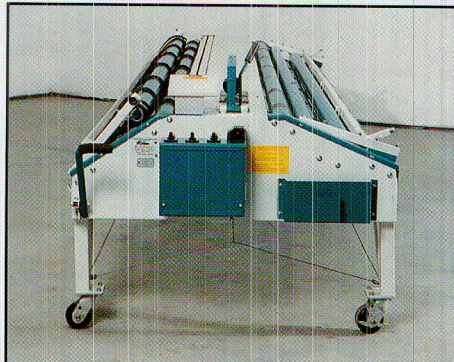

You will feel confident that you are not cutting short!

ACCURATE

The Archer's convenient fold-in cradles will minimize the floor space required.

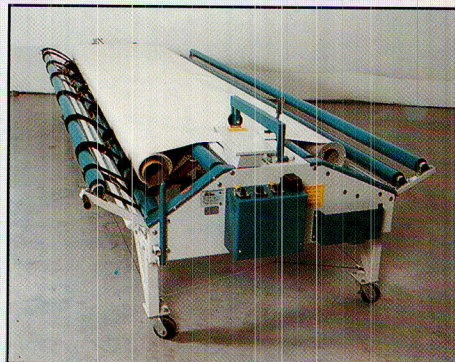

At 46 inches wide the Archer will take up little more space than one large roll!

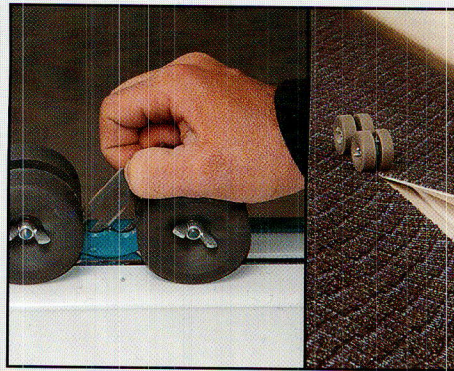

SPACE SAVING

All ACCU♦CUT machines will measure, cut and roll vinyl.

You won't ever have to worry about damaging vinyl by rolling it out on the floor!

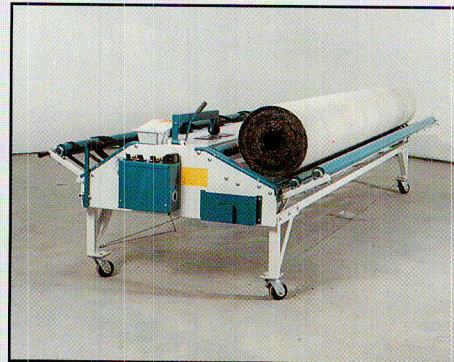

CUTS VINYL

FAST, STRAIGHT CUTS

Patented, "Quicker than Air", two direction cable cutter uses standard blades and applies pressure to the material being cut.

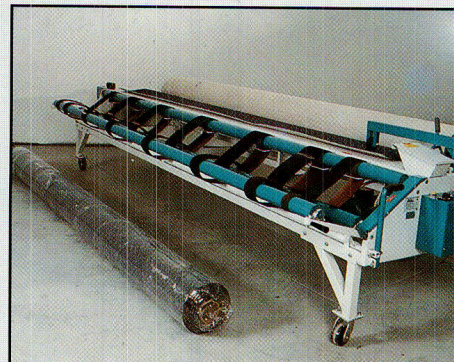

Get a straight, clean cut every time!

SIMPLE TO OPERATE

The Archer's roll up cradle will roll the material straight and tight.

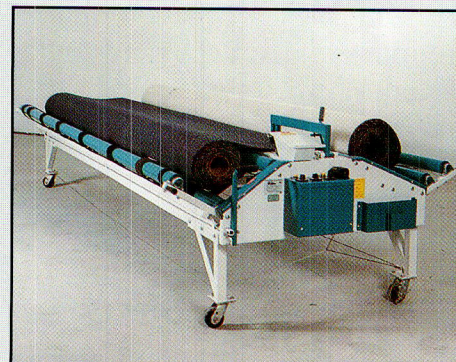

Can be used with or without a cardboard tube!

ROLL DUMPING

All ACCU♦CUT machines are equipped with a dumping mechanism to off load your cut length.

Make multiple cuts off of one roll without using your forklift to remove the cut length!

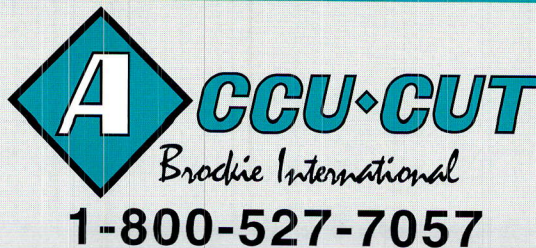

REVERSE ROLL REMNANTS

Rolling carpet or vinyl pile/pattern side out is a simple one person, one step process.

Keep your remnants clean and easily wrap them for display!
