

TARGET

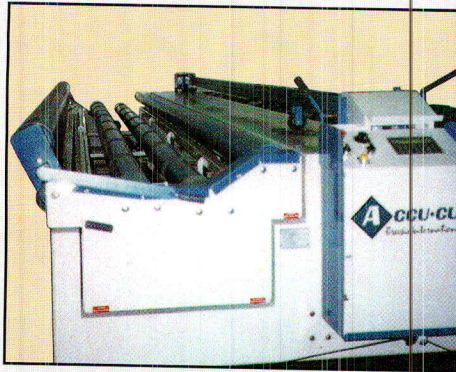

- ACCU-CUT ADVANTAGE**
- ◆ Fully process 15' goods
 - ◆ Shuttle load cradle
 - ◆ High speed circular cutter
 - ◆ Large inspection area

An extra heavy duty cutting machine loaded with standard features to ensure simple operation and increased efficiency.

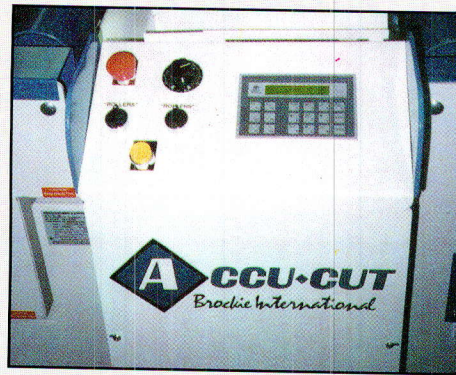

- ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all your carpet and vinyl simply and accurately.
- ◆ Although heavy in weight, one person can move the Target on it's industrial strength casters. Lifting breaks raise the machine off the floor and keep it stationary.
- ◆ User friendly computerized logic controls automatically ensure accuracy for all flooring no matter how thick the pile or what type of backing.
- ◆ Large table top allows you and your customers to inspect the carpet or vinyl before it goes out the door.
- ◆ The Target's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
- ◆ Equipped with standard features to ensure simple operation and increased efficiency the Target will meet your cutting needs for many years.
- ◆ The Target, equipped with many standard features to ensure simple operation and increased efficiency, will meet your cutting needs for many years.

The Target's open-ended, beltless load cradle will fully process the largest rolls of carpet and heaviest rolls of vinyl.

The outside roller can be adjusted to increase or decrease the size of your loading cradle!

BELTLESS LOAD CRADLE

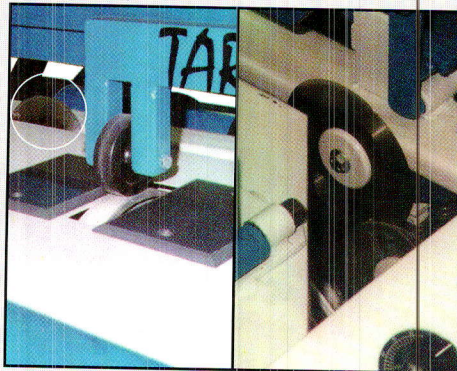

USER FRIENDLY AUTOMATION

Advanced control system includes an auto-stop foot and inch counter, multiple cut presets and ensures accuracy on all types of material.

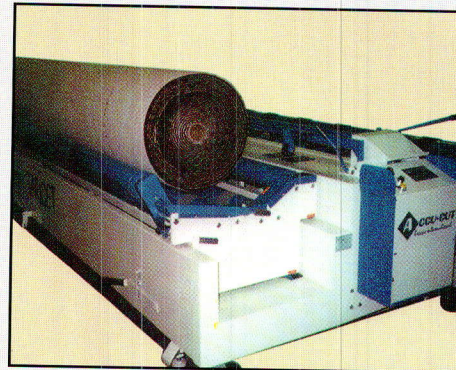

The most durable and simplest to use controls available!

Self-sharpening, circular blade rotates as it moves down the cutting track. Hold down guard keeps material tight & straight while cutting.

Longer blade life reduces blade changes!

CIRCULAR CUTTER

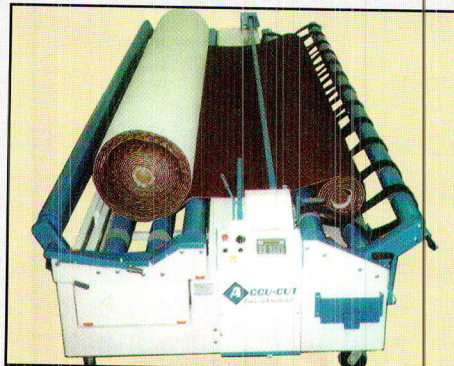

SHUTTLE CRADLE

The load side cradle can be adjusted laterally toward or away from the control side of the machine.

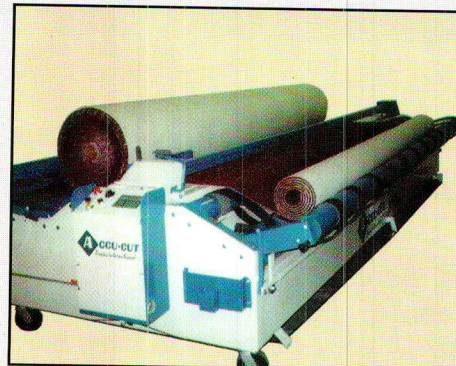

Saves time by quickly aligning the material with the measuring wheel!

Material can easily be inspected as it travels across the table top. Variable speed adjustment allows you to slow the machine to a crawl for detailed inspection.

Inspect the carpet and vinyl before it goes out the door!

INSPECTION AREA

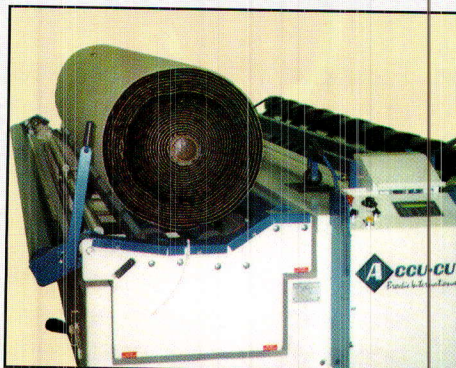

ONE PERSON OPERATION

Wrap around foot cable control, spring loaded roll-up arm, two dumping mechanisms and shuttle cradle provide for ease of operation.

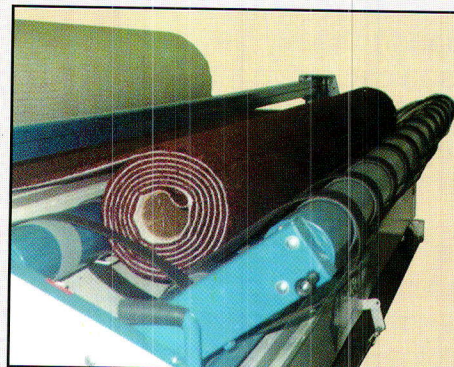

All are standard features on the Target!

Dumping mechanisms will remove the cut piece from the roll-up cradle or remove the full roll from the load cradle.

Add a roll feeding table for the ultimate in cutting efficiency!

ROLL DUMPING

REVERSE ROLL

Rolling carpet or vinyl pile/pattern side out is a simple one person, one step process.

Keep your remnants clean and easily wrap them for display!

SPECIFICATIONS:

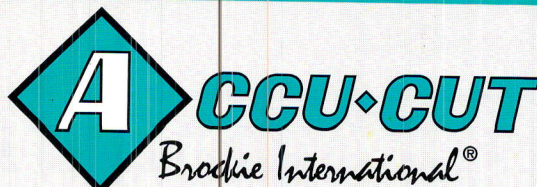

POWER: 220 volts - single phase/60 hertz/15 amps

CUTTING BLADE: 5 1/2" circular

SIZE: 7'W x 19'L x 3' 6"H

LIMITED WARRANTY: 3 years parts, 1 year labor

Meets all UL and CSA safety standards.
