

# J-5

*A full featured machine that will improve the bottom line of any company by saving time and money.*

### **Accu-Cut Advantages**

- Beltless load cradle
- High speed cutter
- Variable speed control
- Auto stop foot & inch counter

- ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all your carpet and vinyl simply and accurately.
- ◆ The j-5's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
- ◆ PLC control includes multiple preset cut storage and product settings. Foot and inch counter automatically slows down the machine then stops precisely at the programmed measurement.
- ◆ Automatic variable speed control allows the user to choose a comfortable speed or slow down the machine for inspection.
- ◆ The j-5 can easily be moved on its industrial strength casters. Engage the lifting brakes to raise the machine off the floor and keep it stationary.
- ◆ Wrap around foot cable control provides the operator with a way to engage the rollers from the front or side of the machine. Makes wrapping and taping rolls simple.

# A CCU-CUT

Brockie International®

# J-5

Wrap around foot cable control, spring loaded roll up arm, speed control, auto run feature and open ended cradles provide for ease of use.  
**All are standard features on the j-5!**

**ONE PERSON OPERATION**

**FAST, STRAIGHT CUTS**

Patented, two direction, chain driven cutter uses standard blades and applies pressure to the material being cut.  
**Get a straight, clean cut every time!**

Directional switches control the rollers and cutter - the yellow push buttons activate them. Speed selection dial, easy to use PLC interface and emergency stop button.  
**An auto-run feature makes operating the machine even simpler!**

**USER FRIENDLY CONTROLS**

**CUT PIECE REMOVAL**

All Accu-Cut machines are equipped with a cut piece dumping mechanism to off load your cut length.  
**Make multiple cuts off of one roll without using your forklift to remove the cut length!**

The j-5's open ended, beltless load cradle holds even the largest rolls. The steel rollers center the material in the cradle.  
**This helps to ensure the material rolls up straight every time!**

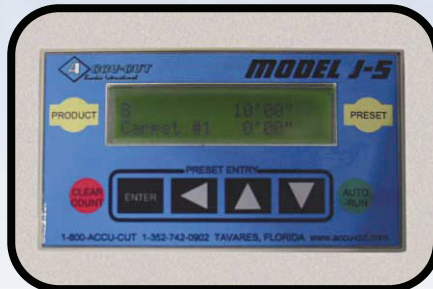

**BELTLESS LOAD CRADLE**

**REVERSE ROLL**

Rolling carpet or vinyl pile/pattern side out is a simple one person, one step process.  
**Keep your remnants clean and easily wrap them for display!**

Advanced control system includes a foot & inch counter, preset cut storage system, security keypad, multiple product settings and more.  
**The machine will automatically stop precisely at the programmed length!**

**PLC CONTROL**

**INSPECT MATERIAL**

Material can easily be inspected as it travels across the tabletop.  
**Inspect the carpet and vinyl before it goes out the door!**

**SPECIFICATIONS:**

**Size:** 15'8 long x 6'8" wide x 3'3" high  
 (4.775m long x 2.03m wide x .99m high)

**Power:** 220 volts – single phase / 60 hertz / 15 amps

**Blades:** Standard, slotted double edge carpet blade

**Limited Warranty:** 1 year parts, 3 years on frame

**Meets all UL and CSA safety standards.**
