

# ACCU-CUT

Brockie International

# ARCHER

Our lowest priced full function machine.  
Why cut on the floor when you can purchase a durable, low cost Archer?

### ACCU-CUT ADVANTAGE

- ◆ BELTLESS LOAD CRADLE
  - ◆ HIGH SPEED CUTTER
  - ◆ SPACE SAVING
  - ◆ FOOT & INCH CUTTER
- ◆ We have designed a very affordable cut and roll machine that is reliable and extremely simple to operate.
  - ◆ One person can unroll, inspect, measure, cut, reverse roll and wrap all your carpet and vinyl simply and accurately.
  - ◆ The Archer's steel frame incorporates laser cut precision and is welded, not bolted, providing you with the strongest and most durable machine frame available.
  - ◆ Totally enclosed motors operate on 110 volt power allowing the Archer to be used any place in a warehouse.
  - ◆ The Archer takes up little space and is simple to move on its industrial strength casters. Locking casters keep the machine stationary while in use.
  - ◆ Wrap around foot cable control provides the operator with a way to engage the rollers from the front or side of the machine. Makes wrapping and taping rolls simple.

# Accu-CUT

Brockie International

# ARCHER

Patented, two direction cutter uses standard blades and applies pressure to the material being cut.

*Get a straight, clean cut every time!*

FAST, STRAIGHT CUTS

CUTS VINYL

All ACCU-CUT machines will measure, cut and roll vinyl.

*You won't ever have to worry about damaging vinyl by rolling it out on the floor!*

Rolling carpet or vinyl pile/pattern side out is a simple one person process.

*Keep your remnants clean and easily wrap them for display!*

REVERSE ROLL

CUT PIECE REMOVAL

All ACCU-CUT machines are equipped with a cut piece dumping mechanism to off load your cut length.

*Make multiple cuts off of one roll without using your forklift to remove the cut length!*

The Archer's open ended, beltless load cradle holds even the largest rolls. The steel rollers center the material in the cradle.

*This helps to ensure the material rolls up straight and tight every time!*

BELTLESS LOAD CRADLE

SPACE SAVING

The Archer's convenient fold-in cradles minimize the floor space required.

*At 46 inches wide the Archer will take up little more space than one large roll!*

Wrap around twisted steel foot cable control, spring loaded roll up arm and open ended cradles provide for ease of use.

*All are standard features on the Archer!*

SIMPLE TO OPERATE

ACCURATE

Electronic foot and inch counter has proven to be very accurate and is easily programmed with the desired cut length.

*You will feel confident that you are not cutting short!*
